EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The election of claims 1-6 is acknowledged.

There was no traversal made, therefor the election is being treated as made without traverse. Since all elected claims are in condition for allowance claims 7-9 are hereby cancelled as being non-elected with out traverse in paper number 1060242.

The application has been amended as follows:

Please cancel claims 7-9.

The withdrawn claims were not rejoined because the reasons for allowance involved the structure of the scale, namely the overload bore, the scale beam, the housing, the load cell, and the spring connected directly to the load cell. Since claims 7-9 did not have these structural limitations they could not be rejoined.
